

BOYCOTT ISRAELI DATES

- Illegal Israeli settlements in the Jordan Valley are used to cultivate dates.
- These settlements are built on land stolen from Palestinians.
- The dates are sold to Muslim communities during Ramadan, which generates income for the illegal settlements.

Meanwhile, Palestinians near the settlements live in abject poverty....

Do not support the occupation or oppression of Palestinians.

MEDJOOI DATES: These dates are also supplied to supermarkets including Tesco, Sainsbury's and Waitrose, and packaged in their own packaging.
